Orem, UT 84057 • chretienbanza1@gmail.com • (385) 309-9975 • github.com/Chretienb • linkedin.com/in/chretien-banza-042831242

## Education

**Utah Valley University** Orem, Utah B.S. in Computational Data Science — December 2026

Relevant Coursework: Database Systems, Statistical Modeling, Machine Learning, Data Structures

**Sandbox Accelerator Program (UVU Innovation Hub)** Orem, Utah

Selective Founder Track — April 2024 – 2025

## Experience

**Wolverine Fund (UVU)** Associate — Dec 2025 – Present

Orem, UT

- Collaborate with a 9-member cohort to source and analyze early-stage investment opportunities for a student-managed venture portfolio
- Conduct due diligence using TAM/SAM/SOM analysis, competitive landscape mapping, and financial modeling
- Evaluate risk, scalability, and business models across fintech, SaaS, and consumer startups

**FinTech Center (UFTC) (UVU)** Program Assistant — Feb 2026 – Present

Orem, UT

- Coordinate fintech research projects and industry partnerships across AI, data science, and financial technology
- Support planning and execution of events, speaker series, and ecosystem collaborations
- Track program metrics and contribute to fintech education initiatives

**Drawfi** Co-Founder & Chief Technology Officer — Dec 2023 – Present

Provo, UT

- Architect and build a full-stack fintech platform modernizing construction lending
- Design secure APIs, databases, and role-based workflows for bank-grade operations
- Lead product architecture and technical execution from zero to pilot deployments

**PML (PayeMonLoyer)** Co-Founder & Chief Technology Officer — April 2025 – Present

Lehi, UT

- Develop a rent and credit platform enabling tenants in emerging markets to build financial credibility
- Own product roadmap, data model, and MVP architecture
- Conduct market research across African housing ecosystems

**E2i (Utah Valley University)** Project Manager — Dec 2022 – Dec 2023

Orem, UT

- Lead cross-functional teams delivering software products on time and within scope
- Coordinate requirements, timelines, and stakeholder communication

## Skills & Interests

- Programming: TypeScript, Rust, Python, SQL, Flutter
- Frontend: React, Full-Stack Web Development, Expo
- Backend: REST API Design, JWT Authentication

- Data Science & Analytics: PostgreSQL, Supabase, Data Modeling, Data Visualization (Dashboards & Charts)
- Tools: Git/GitHub, Excel, Node.js, Vite, Supabase CLI

**Interests:** Data science, AI, software development, fintech, venture capital, product design, startups, data-driven systems, music  
Languages: English, French
